

Safety Data Sheet

Issue Date: 18-Dec-2017

Revision Date: 06-Mar-2020

Version 2

1. IDENTIFICATION

Product Identifier

Product Name Oracle® Dicamba Agricultural Herbicide

Other means of identification

SDS # GCI-001-CA
Synonyms None
Registration Number(s) CPCPA Registration No. 26722
UN/ID No UN3082

Recommended use of the chemical and restrictions on use

Recommended Use Liquid herbicide for Agricultural weed control. It is diluted with water prior to use. Refer to product label for further details.
Uses Advised Against No information available

Details of the supplier of the safety data sheet

<u>Initial Supplier Identifier</u>	<u>Manufacturer Address</u>
GHARDA CHEMICALS INTERNATIONAL INC. 789 Donnybrook Dr. Dorchester, Ontario, Canada N0L 1G5 215 968-9474 800 265-4624	GHARDA CHEMICALS INTERNATIONAL INC. 760 Newtown-Yardley Road Suite 110 Newtown, PA USA 18940 Website: www.ghardausa.com For further information contact: 1 (215) 968-9474

Emergency Telephone Number

Emergency Telephone (24 hr) MEDICAL EMERGENCY (24 hr): PROPHARMA (866)-359-5660
TRANSPORTATION OR SPILL (24 hr): CHEMTREC (800) 424-9300

2. HAZARDS IDENTIFICATION

Emergency Overview This chemical is a product registered by the Canadian Pest Control Products Act (CPCPA) and is subject to certain labeling requirements under federal law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-PCPA registered chemicals. This product has been classified according to Canada's Hazardous Product Regulations (WHMIS 2015). Please see CPCPA label for additional information.

Appearance Amber liquid **Physical state** Liquid **Odour** Mild amine

Classification

Acute toxicity - Oral	Category 4
Serious eye damage/eye irritation	Category 1

Label Elements**Signal word****Danger****Hazard statements**

Harmful if swallowed

Causes serious eye damage

**Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling

Do not eat, drink or smoke when using this product

Wear eye/face protection

Precautionary Statements - ResponseIF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
Immediately call a POISON CENTRE or doctorIF SWALLOWED: Call a POISON CENTER or doctor if you feel unwell
Rinse mouth**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

Other Information

Harmful to aquatic life with long lasting effects

3. COMPOSITION/INFORMATION ON INGREDIENTS**Substance**

Chemical Name	CAS No	Weight-%	Hazardous Material Information Review Act registry number (HMIRA registry #)	Date HMIRA filed and date exemption granted (if applicable)
Dicamba	1918-00-9	49.77	-	-

4. FIRST AID MEASURES**First Aid Measures****General advice**

Provide this SDS to medical personnel for treatment.

Eye contact

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Skin contact

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for further treatment advice.

Inhalation	Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.
Ingestion	Call poison control centre or doctor immediately for treatment advice. DO NOT give any liquid to the person. DO NOT induce vomiting unless told to do so by the poison control centre or doctor. DO NOT give anything by mouth to an unconscious person.

Most important symptoms and effects

Symptoms	Causes serious eye damage. Harmful if swallowed.
-----------------	--

Indication of any immediate medical attention and special treatment needed

Note to doctors	Treat symptomatically.
------------------------	------------------------

5. FIREFIGHTING MEASURES

Suitable Extinguishing Media	Water spray. Foam. Dry chemical. Foam fire-extinguishing system is preferred because uncontrolled water can spread possible contamination.
Small Fire	Dry chemical. Carbon dioxide (CO ₂). Water spray. Regular foam.
Unsuitable extinguishing media	Do not scatter spilled material with high pressure water streams.
Specific hazards arising from the chemical	Move containers from fire area if you can do so without risk. For fires involving tanks: Cool containers with flooding quantities of water until well after fire is out. Withdraw immediately in case of rising sound from venting safety devices or discoloration of tank. Always stay away from tanks engulfed in fire.
Hazardous Combustion Products	In a fire, steam, dicamba amine salt, hydrogen chloride, organochloride products, oxides of nitrogen, or carbon monoxide can be formed.
Explosion Data	
Sensitivity to Mechanical Impact	None.
Sensitivity to Static Discharge	None.
Special protective equipment for fire-fighters	Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. Do not allow run-off from fire-fighting to enter drains or water courses.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions	Do not touch or walk through spilled material. Ensure adequate ventilation. Wear protective clothing as described in Section 8 of this safety data sheet.
-----------------------------	---

Environmental precautions

Environmental precautions	See Section 12 for additional Ecological Information.
----------------------------------	---

Methods and material for containment and cleaning up

Methods for containment	Prevent further leakage or spillage if safe to do so.
--------------------------------	---

Methods for cleaning up	FOR EMERGENCY CALL CHEMTREC 1-800-424-9300. Absorb liquid with material such as sand, sawdust, or dirt. Sweep up and place in a suitable container for disposal. Area can be washed down with water and detergent to remove remaining herbicide. Keep product, contaminated materials and wash water out of sewers. Wash exposed body areas thoroughly after handling.
Prevention of secondary hazards	Clean contaminated objects and areas thoroughly observing environmental regulations.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling	Use of safe work practices are recommended to avoid eye or skin contact and inhalation of vapours. Use only outdoors or in a well-ventilated area. Food, beverages and tobacco products should not be stored or consumed where this material is in use. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storage or re-use. Provide eyewash fountains and safety showers in close proximity to points of potential exposure.
--------------------------------	--

Conditions for safe storage, including any incompatibilities

Storage Conditions	Keep containers tightly closed in a dry, cool and well-ventilated place. Protect from direct sunlight. Keep away from strong oxidising agents, acids and bases.
Incompatible materials	Strong oxidising agents Acids Bases

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Limits	This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
------------------------	---

Appropriate engineering controls

Engineering controls	Provide general and/or local exhaust ventilation to control airborne levels below the exposure guideline.
-----------------------------	---

Individual protection measures, such as personal protective equipment

Eye/face protection	Use protective eyewear.
Skin and body protection	Wear long-sleeved shirt and long pants, waterproof gloves and shoes plus socks when handling.
Respiratory protection	Atmospheric levels should be maintained below the exposure guideline. For most conditions, no respiratory protection should be needed; however, if the exposure guideline is exceeded, use an approved organic vapor/mist respirator.
General hygiene considerations	Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state	Liquid
Appearance	Amber liquid
Colour	Amber
Odour	Mild amine
Odour Threshold	No information available

<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>
pH	7 to 8	
Melting Point/Freezing Point	Not applicable	
Boiling Point/Boiling Range	Not determined	
Flash Point	> 100 °C / 212 °F	
Evaporation Rate	Not determined	
Flammability (Solid, Gas)	Liquid - not applicable	
Flammability Limits in Air		
Upper Flammability Limits	Not determined	
Lower Flammability Limit	Not determined	
Vapour Pressure	18 mm Hg	@ 20°C (68°F)
Vapour Density	>1.0	(Air=1)
Relative Density	Not determined	
Water Solubility	Fully soluble in water	
Solubility in other solvents	Not determined	
Partition Coefficient	Not determined	
Auto-ignition Temperature	Not determined	
Decomposition Temperature	Not determined	
Kinematic Viscosity	Not determined	
Dynamic Viscosity	Not determined	
Explosive properties	Not an explosive.	
Oxidising properties	No information available.	

Other Information

Softening Point	No information available
Molecular weight	No information available
VOC Content (%)	No information available
Density	9.68 lbs/gal (1.5 -1.6 g/cm ³)
Bulk Density	No information available

10. STABILITY AND REACTIVITY

Reactivity	No information available.
Chemical Stability	Stable under normal conditions.
Possibility of Hazardous Reactions	None under normal processing.
Conditions to Avoid	None known based on information supplied.
Incompatible Materials	Strong oxidising agents. Acids. Bases.
Hazardous Decomposition Products	In a fire, steam, dicamba amine salt, hydrogen chloride, organochloride products, oxides of nitrogen, or carbon monoxide can be formed.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information

Eye contact	Causes serious eye damage.
Skin contact	Avoid contact with skin.
Inhalation	Do not inhale.
Ingestion	Harmful if swallowed.

Information on physical, chemical and toxicological effects

Symptoms Please see section 4 of this SDS for symptoms.

Numerical measures of toxicity

Acute Toxicity

The following values are calculated based on chapter 3.1 of the GHS document .

ATEmix (oral) 1,039.00

Unknown acute toxicity No information available

Component Information

Chemical Name	Oral LD50	Dermal LD50	Inhalation LC50
Dicamba 1918-00-9	= 1039 mg/kg (Rat)	> 1 g/kg (Rat) > 2 g/kg (Rabbit)	-

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Germ cell mutagenicity	Based on a number of in vivo and in vitro studies, the preponderance of data suggests that dicamba is not a mutagen.
Carcinogenicity	Did not cause cancer in long-term animal studies. There were no treatment related increases in tumors at dietary levels up to 2500 ppm (rats and dogs) and 3000 ppm (mice).
Reproductive toxicity	Dicamba did not interfere with fertility in reproduction studies in laboratory animals. The no effect level in a two-generation rat reproduction study was 500 ppm.
Teratogenicity	Did not cause birth defects in animal studies. Exposures having no effect on the mothers had no effect on the fetuses. The maternal and fetal no effect levels in rabbits were 30 mg/kg and 300 mg/kg, respectively. In the rat teratology study, the maternal and fetal no effect levels were 160 mg/kg and 400 mg/kg, respectively.

12. ECOLOGICAL INFORMATION

Marine Pollutant	Yes
Ecotoxicity	DO NOT apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. DO NOT contaminate water when disposing of equipment wash water or rinsate. DO NOT apply directly to water, surface waters or runoff areas. Avoid spray drift and other means of exposure to sensitive plants and other non-target areas. This pesticide may cause injury to desirable trees and plants.
Persistence/Degradability	No information available.

Bioaccumulation No information available.

Other Adverse Effects No information available.

13. DISPOSAL CONSIDERATIONS

Waste Treatment Methods

Waste from residues/unused products Pesticide spray mixture or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by the use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Contaminated packaging Do not reuse empty containers.

14. TRANSPORT INFORMATION

DOT When shipped in boxes containing (2) 9.46 litre bottles, this product is NOT REGULATED. When shipped in 1040 litre totes, the following basic description applies:
UN/ID No UN3082
Proper Shipping Name Environmentally Hazardous Substances, Liquid, N.O.S. (Dicamba)
Hazard Class 9
Packing Group III
Marine Pollutant Yes.

TDG
Special Provisions SOR/2008-34 (AMENDMENT 6)

IATA
UN/ID No UN3082
Proper Shipping Name Environmentally Hazardous Substances, Liquid, N.O.S. (Dicamba)
Hazard Class 9
Packing Group III
Marine Pollutant Yes

IMDG
UN/ID No UN3082
Proper Shipping Name Environmentally Hazardous Substances, Liquid, N.O.S. (Dicamba)
Hazard Class 9
Packing Group III
Marine Pollutant Yes

ADR
UN/ID No UN3082
Proper Shipping Name Environmentally Hazardous Substances, Liquid, N.O.S. (Dicamba)
Hazard Class 9
Packing Group III
Marine Pollutant Yes

15. REGULATORY INFORMATION

REGULATORY INFORMATION

International Regulations

Ozone-depleting substances (ODS) Not applicable

Persistent Organic Pollutants Not applicable

Export Notification requirements Not applicable

International Inventories

Chemical Name	TSCA	DSL/NDSL	EINECS/ELI NCS	ENCS	IECSC	KECL	PICCS	AICS
Dicamba	X		X	Present		Present	X	X
